Relevant references:	
Delegations:	Noted within the policy and issued
Legislation:	
Related policies:	Budget Development, Reporting and Amendment Policy
Related procedures:	
Relevant Legislation:	Local Government Act 1999 (Section 125)

1. Introduction

Council is required by the Local Government Act 1999 s125 to adopt internal control procedures where it is recognised that an element of risk or exposure is created. It has been determined that the process of ordering goods and services creates potential risks which require measures of control to ensure that Council employees entrusted with the authority and responsibility of ordering goods and services are appropriately guided in this process.

2. Strategic reference

Governance: strategy 4.2.2; maintain and improve our governance framework supported by policies, procedures and internal controls

3. Bodies respondent to this policy

This policy will govern the issuing of official orders for the purchase of goods and services undertaken by Council, and the following committees established pursuant to the Local Government Act 1999 s41.

4. Authority to issue official orders

Goods and services will be purchased only by the prior issue of an official order, provided that in urgent cases goods and services may be ordered subject to confirmation by an official order.

The exception to this will be for the supply of recurrent services. Refer to Section 7 of this policy for details of these services.

Orders must only be signed by an officer authorised for that purpose by Council pursuant to the Local Government Act 1999, s44.

The following positions (incumbent officers) are authorised to sign orders on behalf of the Council, within the limits imposed relating to the departmental budget to which the respective position is categorised, with the exception of the Chief Executive Officer, who has authority across all budget lines.

In the event that the incumbent of an authorised position is absent on authorised leave, and an official direction has been given appointing another person in an acting capacity, the limits and authorities in relation to this policy transfer to the person acting in the position.

This does not include instances where a current incumbent is absence from his/her office for reasons other than authorised leave.

5. Work Health Safety Contractor Management Procedure

All officers authorised to issue Council orders will give reference to the requirements of Council's Work Health Safety Contractor Management Procedure prior to placing orders for goods and services

6. Order authority limitations

It is a breach of authorisation to separate a single supply or service into parts with the objective being the issuing of two or more orders or contracts which individually do not exceed a limitation to incur expenditure whereas the total cost would do so. Where orders are placed for services for an intermediate period e.g.; the hire or servicing of equipment, the operative amount for the purpose of the limitation is the cost per annum.

7. Recurrent services

The term "Recurrent Services" means services of a repetitive, recurrent or standard nature tendered to the Council under any regulation, contract or arrangement, for which it is neither the accepted practise or necessary to issue an official order for the rendering of such service.

"Recurrent Services" means expenditure incurred in relation to the following:-

- i) audit fees;
- ii) insurance renewal premiums
- iii) workers' compensation payments
- iv) motor vehicle registrations
- v) telephone, telegram or bulk postage charges
- vi) electricity or gas charges
- vii) water rates and tax charges
- viii) expenditure ancillary to salary and wages including income tax and employee deductions
- ix) other like expenditure.

A claim on the Council with respect to recurrent expenditure shall not be paid without the approval of an authorised officer.

8. Format and storage of official orders

Council will utilise the format and model order form prepared by the Local Government Mutual Liability Association.

All official requisitions / purchase orders are to be made electronically via Council's enterprise system "Authority".

9. Information to be contained on an official order

Where an official order is issued, the following detail shall be included on the order:

- i) particulars of the goods, services or works, including quantity and, price or estimated price thereof and notation of whether the price is GST inclusive or exclusive;
- ii) the account number and/or account description to which the relevant expenditure is to be charged;
- iii) name of person ordering goods;
- iv) if the goods or service being ordered is due to a minute of Council, then reference to that minute is to be included;
- v) supplier details;
- vi) time and date goods, services or works, are required by, if applicable.

Copies of any quotations or tenders received or details of any verbal quotations that may have been obtained are required to be recorded within Councils electronic document records management system.

As far as practically possible, orders must be issued and authorised prior to the performance of a supply or service. A continuation order may be issued only in exceptional and unavoidable circumstances. In such instances an order number shall be allocated confirming an order issued immediately the request is received. Precautions must be taken to avoid duplicated delivery by the clear description "Confirmation Order" at the top of the order.

10. Receipt / return of goods

The officer receiving the goods must record the receipt of goods within Council's enterprise system "Authority", endorsing either the packing slip or invoice and forward to the accounts payable officer at the Loxton office for processing.

Upon receipt of part orders, the ordering officer will clearly mark the invoice or packing slip with the words "Part Order", or otherwise show that not all goods on the order were received.

Where it is determined that goods are to be returned to a supplier as a result of them being non conforming due either to the goods being unsatisfactory, faulty or incorrect, the officer shall contact the accounts payable officer at the Loxton office and provide the necessary advice and description of goods to ensure that the goods are not paid for.

The accounts payable officer shall maintain written record of all contact and advice received in this regard.

11. Gifts, inducements and incentives

The acceptance of promotional goods, rewards, benefits or any other form of incentive in relation to the purchase of goods and services is strictly prohibited, (other than minor promotional items bearing the suppliers identity) To do so can be considered a breach of employment contract and Code of Conduct for Employees which may extend to dismissal

and possible referral to Office for Public Integrity (OPI) , Independent Commission Against Corruption (ICAC) and / or the Office of the Ombudsman

Consult with your director or manager if you are unsure or wish to ask for further advice.

12. Consultation

Prior to the purchase of plant, equipment or substances which may effect the health, safety or welfare of employees at the workplace, the authorised officer will consult with management and the duly elected health and safety representatives and if appropriate the Work Health Safety and Risk Committee.

Where goods and services are to be purchased requiring specifications and guidelines, the authorising officer shall ensure that consultation has occurred with the appropriate personnel throughout the development prior to the purchase order being placed.

The authorising officer will ensure that all plant, equipment and substances are purchased from manufacturers, suppliers and distributors who comply with Schedule 6, Part 9, Section 14 "Duties of Manufacturers" of the Work Health and Safety Act 2012 , ensuring that all plant and substances are safe, have been tested or examined, are supplied with relevant documentation, comply with prescribed standards and codes and that adequate information is available to ensure safe use, handling, processing, storage, transportation or disposal.

The authorising officer will ensure that all plant and equipment will be inspected prior to commissioning with representatives from the Work Health Safety and Risk Committee so as to ensure all relevant requirements have been met.

13. Availability of the policy

This policy will be available for inspection at the Council offices at Loxton or Waikerie during ordinary business hours at no charge.

Copies of this policy will also be available from Councils website www.loxtonwaikerie.sa.gov.au or postal copies may be obtained from the Council Office, free of charge.
